

REMARKS/ARGUMENTS

Claims 1-17 and 19, and 22-34 are pending in the application. Claims 1-17 and 19 were allowed. Applicant thanks the Examiner for the indication of allowable subject matter. Applicant, by this paper, cancels claims 18 and 20-21 without prejudice and adds new claims 22-34. No new matter is added by amendment.

Applicant respectfully requests allowance of all pending claims.

Discussion of New Claims

Applicant adds new dependent claims 22-34. Claims 22-24 depend from allowable claim 16 and are believed to be allowable at least for the reason that they depend from an allowable base claim. Claims 22-24 are fully supported in the Specification. Literal support for the claims can be found, for example, in the language of original claims 2-4.

Claims 25-34 depend from allowable claim 17 and are believed to be allowable at least for the reason that they depend from an allowable base claim. Claims 25-34 are fully supported in the Specification. Literal support for the claims can be found, for example, in the language of claims 6-15.

Applicant respectfully believes that all of the new claims are allowable and respectfully requests allowance of all of the new claims.
